PSC APPROVES TBJ SEWER SYSTEM REQUEST

Jefferson City (July 9, 2003)---The Missouri Public Service Commission has approved an application filed by TBJ Sewer System Inc. which authorizes the sewer company to extend its current certificated area in Franklin County near Villa Ridge, Missouri.

The PSC Staff, on April 25, 2003, filed information with the Commission recommending the application be approved. Staff stated it believed TBJ's certificate is necessary or convenient for the public service and should be approved.

TBJ Sewer System, Inc. will charge customers in the Bourbeuse River Area \$27.87 a month for sewer service. The sewer company will be allowed to charge customers in the Oak Hollow Area \$23.99 a month for sewer service.

The Commission's order approving the application states: "The Commission finds it is in the public interest for Applicant (TBJ Sewer System Inc.) to construct, install, own, operate, control, manage and maintain sewer facilities and to render sewer service for the public located in the unincorporated area of Franklin County as described by the map and metes and bounds description in TBJ's application. The Commission also finds that the proposed rates are just and reasonable."

TBJ Sewer System Inc. currently serves approximately 15 sewer customers in Franklin County near Villa Ridge, Missouri.
